

Will
you
give
us a
chance
to
prove
this
to
you?

It would seem that for perfect happiness in every
well regulated family a new

EASTER HAT

is necessary once a year.

We have a suggestion to offer:

We believe that EVERY family in Salt Lake should have at ALL
times Wagener bottled beer on hand both on account of health and happiness.

We are now ready to fill orders on our

NEW IMPERIAL BOTTLED BEER

This beer is an entirely different beer than any we have ever placed on
the market before. It is a special brew made for HIGH CLASS FAMILY
TRADE; mild to the taste and pale in color.

Great care is used in the sanitary conditions, all materials used are the
best money can buy. This beer is well aged before customers are supplied.

All water used in the brewery is pure mountain spring water from our own springs in
Emigration Canyon, the FINEST in the country, piped down from their source into our plant.
Order a case by phone, we will guarantee you will be pleased and become a regular customer.

Is there any reason why you should not patronize a home industry if we can SELL
YOU A BETTER BEER than that shipped in from outside points?
